Certificate IIoT & Automation Partner Network

2026

We proudly confirm that
REX Controls s.r.o.
is a certified Weidmüller Solution Partner.

About Weidmüller & our Partner Network

Weidmüller is a trusted global expert in industrial connectivity and automation. We support customers and partners worldwide with innovative products, solutions, and services for the efficient transmission of power, signal, and data.

Deeply rooted in our customers' industries and markets, we understand the technological challenges of tomorrow. This drives us to continuously develop sustainable, forward-thinking solutions tailored to individual needs.

To deliver best-in-class Industrial IoT and Automation solutions, we rely on strong partnerships with local solution providers. These collaborations ensure optimal alignment with end-customer expectations and guarantee excellence in engineering, assembly, commissioning, and maintenance through reliable and experienced partners.
